Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the County of San Luis Obispo – Arroyo Grande Creek Watershed Action Plan for Flood Control Zone 3 in fiscal year 2027. The entity to receive funding for this project is the County of San Luis Obispo located at 1055 Monterey Street, San Luis Obispo, CA 93408. The funding would be used for a project to address flood risk, habitat conservation, and water quality challenges across the Arroyo Grande Creek watershed.

The project is an appropriate use of taxpayer funds because the watershed includes flood-prone communities, agricultural lands, critical infrastructure, and habitat for federally listed threatened and endangered species. Sedimentation, channel modifications, and altered hydrology have increased flood risk, degraded habitat and impacted water quality. This project will address these concerns and will help attain endangered species goals.

This project has a federal nexus because it is for the purposes authorized by the Soil Conservation and Allotment Domestic Act of 1935, 16 U.S. Code sections 590a-590d and 590f-g.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family. Sincerely,
Member of Congress

Sincerely,
